SHAD

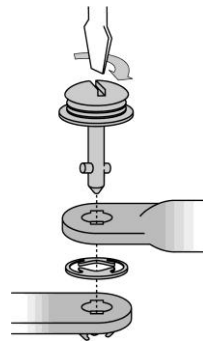

Krauser

AERO

QUICK-LOCK Evo Side Carrier

- Innovation of SW-Motech
- Made in Europe, ST37 steel black power-coated
- Quick installation / demounting
- Compatible with Aero and TraX
- Lockable
- Adapter Kits available for other brands

Case Systems

TraX EVO

- Made in our HQ in Germany
- Two side case sizes: 37L and 45L
- One top case 38L (helmet compatible)
- Two colors: black and silver
- Water-resistant
- Weight: ~4.5 to 5.5kg each
- 1.5mm thick aluminium walls
- Stainless steel latches
- Punch rivet technology
- Glass fiber reinforced plastic for corners, hinges and sealing frame
- German RPP x1 case 37L: EUR 279,95

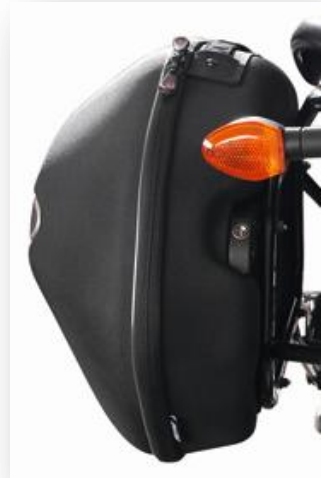

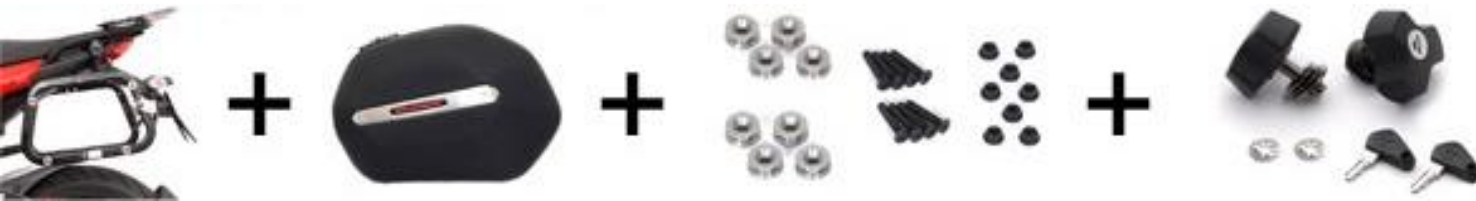

Case Systems

TraX Accessories

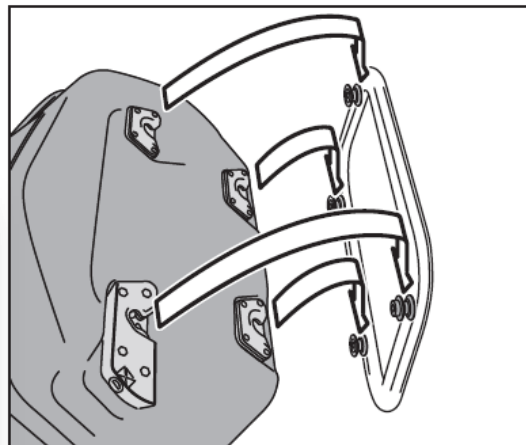

Case Systems

AERO ABS (2nd generation)

- Mounted on QUICK-LOCK EVO Side Carriers + adapter kit
- Lockable
- ABS thermoplastic structure within a Nylon casing
- Volume: 25L x2
- Weight: ~6kg (both together without side carriers)
- German RRP: EUR 279,95 (both together without side carriers)

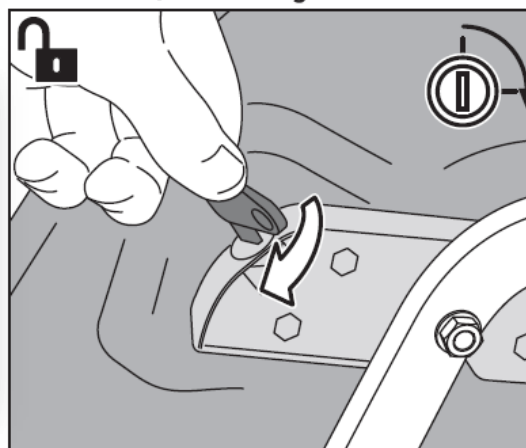

AERO ABS-Seitenkoffer einfach am QUICK-LOCK EVO-Kofferträger Adapterkit AERO (separat erhältlich) einhängen, nach unten drücken ...

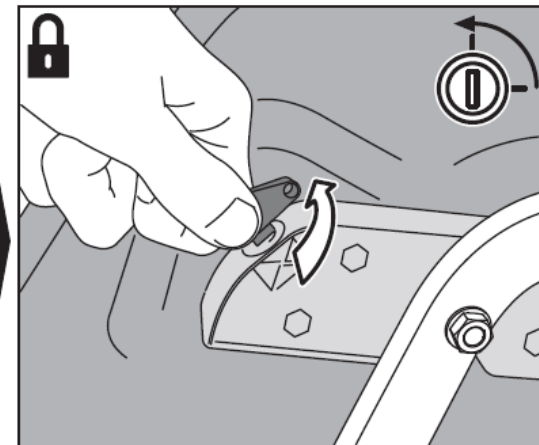

Simply hang the AERO ABS Sidecase onto the QUICKLOCK EVO Side Carrier Adapter Kit AERO (available separately), press the case downwards ...

- 1st QUICK-LOCK generation (blue)
- Available for older bikes

QUICK-LOCK Profil Side Carrier

- Adapted to some bikes for GIVI V35 and Kappa K33N side cases

Adaptor Kit for other brands Side Carriers

- Hepco & Becker, Givi or original BMW
- Allow the mounting of TraX and Aero

DAKAR Pannier Set

Regardless of how long you ride or how hard you ride, DAKAR panniers are built to survive in the roughest conditions. This super strong Pannier Set expands our carrier systems based on support brackets like BLAZE®. The 2 layer system of the bag combines a tough exterior outer layer with a waterproof inner layer to create a super-durable drybag.

Volume: 32 l per bag (64 l total)
Size (h x w x d): 35 x 45 x 25 cm per bag
Material: 1680 D Ballistic Nylon

Color: Black / Anthracite
RRP: 349,95 €

Features: waterproof Velcro roll closure, preformed ABS honeycomb panel on interior for a rigid form on the side close to the motorcycle, large D-Rings at outer corners for additional tie down options, light-weight bike-specific carrier system.

Fast and easy function: 1. slide the bag on the bracket, 2. the bag locks with locking system on the backside of the bag, 3. use the Velcro for mounting on pillion.

Included: 2 DAKAR bags, 2 waterproof inner bags, 2 bike-specific panniers.

Saddlebags

BLAZE Panniers Set

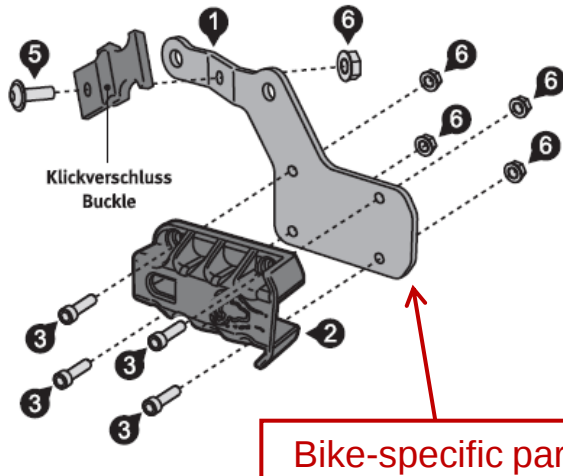

- Removable support arm = no flapping
- 1680 Ballistic Nylon
- Waterproof inner bags
- 2 types of universal bags: normal and high
- Bike-specific mounting kit
- Volume: 28-42L
- Size: w 44cm / h 30cm / d 12cm
- Weight: 4,45kg (complete kit)
- German RRP: EUR 239,95

Example - KTM 690 Duke 4 Mounting Instruction

Montage / Mounting

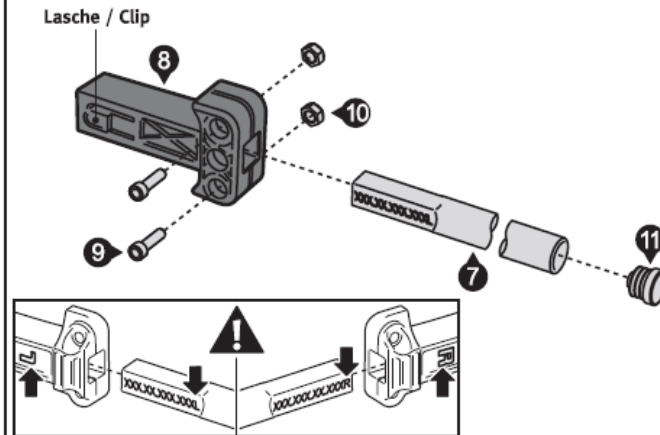

Schritt Step 1

Montieren Sie die gezeigten Teile an den Anbaublechen (1). Entnehmen Sie die Klickverschlüsse Ihren Satteltaschen und verschrauben Sie diese wie gezeigt. Die Schrauben (5) erst nach Befestigung der Satteltaschen anziehen. Bitte beachten Sie dabei das den Satteltaschen beiliegende Informationsblatt.

Attach the shown parts on the mounting brackets (1). The shown buckles will come with your panniers. Attach them as shown. Tighten screws (5) after attaching the panniers. Please pay attention to the information sheet included to the panniers.

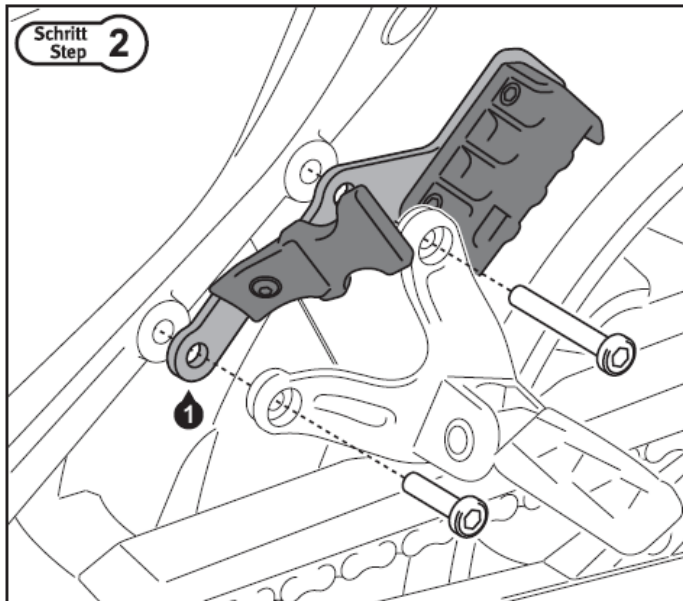

Schritt Step 3

Verschrauben Sie die gezeigten Komponenten wie dargestellt. Achten Sie darauf, dass die Gravur der Abstandsbügel (7) auf der Seite der Laschen (siehe Zeichnung) liegt. Achten Sie nach dem Festziehen der Schrauben (9) auf den festen Sitz der Abstandsbügel (7).

Mount the parts as shown. Make sure the engraving of the panniers frames (7) is located on the side of the clips (as shown in the drawing). Make sure the panniers frames (7) fits proper after tightening the screws (9).

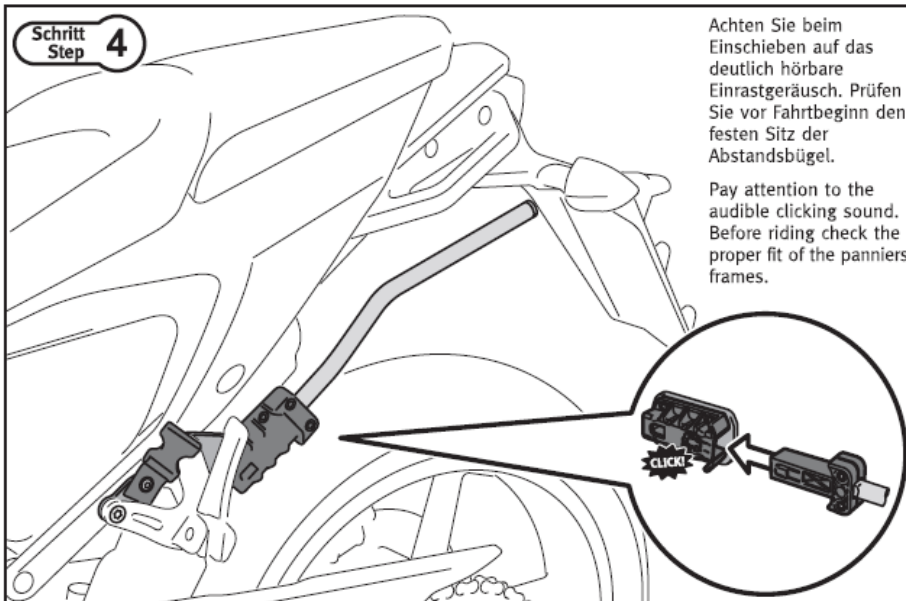

Schritt Step 2

Montieren Sie die Anbaubleche (1) beidseitig hinter den Sozius-Fußrasten, wie in der Zeichnung gezeigt. Benutzen Sie flüssige Schraubensicherung.

Attach the mounting brackets (1) behind the passenger footrests as shown. Use liquid thread locker to secure the screws.

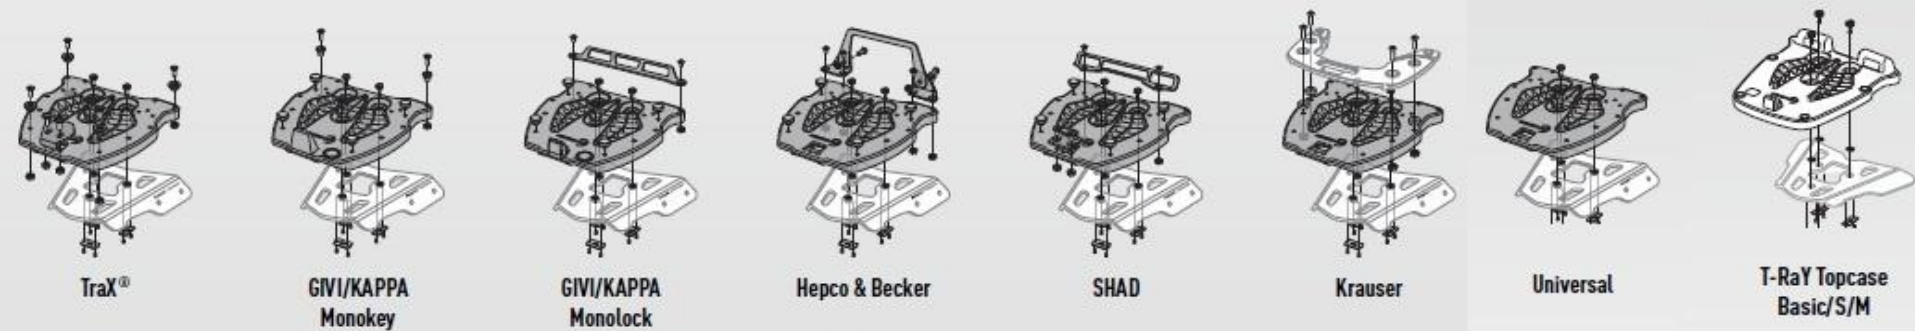

Schritt Step 4

Achten Sie beim Einschieben auf das deutlich hörbare Einrastgeräusch. Prüfen Sie vor Fahrtbeginn den festen Sitz der Abstandsbügel.

Pay attention to the audible clicking sound. Before riding check the proper fit of the panniers frames.

Luggage Racks

ALU-RACK

- Made in Europe, CZ
- AlMg3 Aluminium black power-coated (+ST37 steel)
- Compatible with TraX and T-RaY Adapter Plates
- Compatible with Adapter Plates for other brands
- Quick installation / demounting of the Adapter Plate
- Designed for each bike profile
- The ALU-RACK is not easily removable
- Option available: QUICK-LOCK Evo Tankring
- Option available: QUICK-LOCK Luggage Rack Ext.

Luggage Racks

STEEL-RACK

- ST37 steel, black power coated
- Very strong budget part
- Not easily removable
- Adapter Kits available for TraX and T-RaY (mushrooms)
- Adapter Kits available for GIVI Monokey and Monolock
- No Adapter Plate available, the mushrooms are mounted direct on the STEEL-RACK

QUICK-LOCK Luggage Rack Extension

- ST37 steel, black power coated
- Mounted on ALU-RACK
- Easily removable

Luggage Racks

SEAT-RACK

- New product 2014
- Dedicated to sport-bikes without ALU-RACK mounting possibility
- Mounted instead of the rear seat
- AlMg3 Aluminium black power-coated (+ST37 steel)

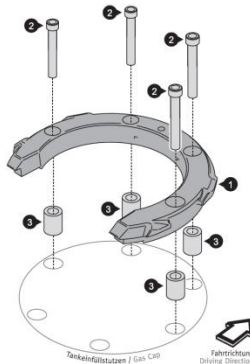

TraX UNIVERSAL Adapter Plate

- AlMg3 Aluminium black power-coated (+ST37 steel)
- Designed for most existing tubular-steel flar rear luggage rack
- Compatible with TraX top case

QUICK-LOCK EVO Tankring

- Innovation of SW-Motech
- Quick installation
- Two parts: tankring and topring
- Easy attaching of all EVO Tankbags
- Includes mounting hardware
- Bike specific
- No interference while fueling
- Option: Lockable
- Option: Update to Electric tankring

Ergonomics

- Bar Risers & Barbacks
- Bar Converters & Mounts
- Vario Barbacks
- Gear Levers
- Footrest Kits
- Nonshock Endurance Bar

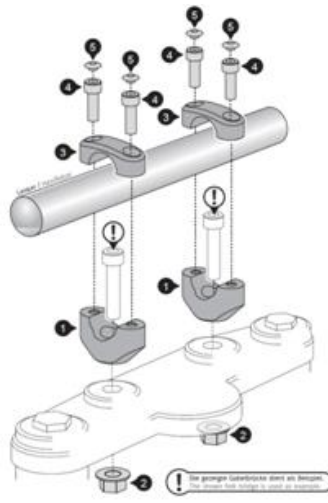

Bar Riser & Barbacks

- Enable almost perfect bar position adjustment
- Milled and powder-coated

Bar Converters & Mounts

- High-strength milled aluminium
- Allow installation of a Ø28mm aftermarket handelbars on a Ø22mm mount and/or inversely

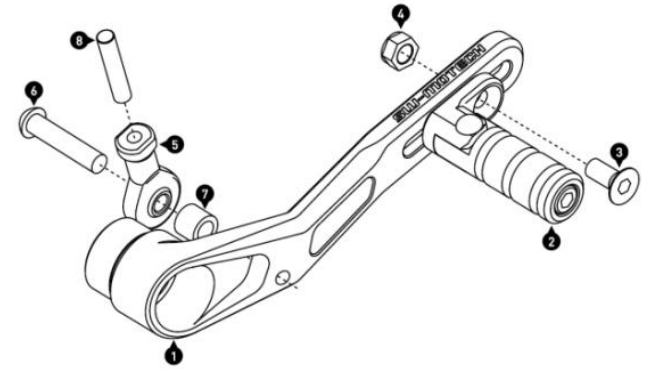

VARIO Barbacks & Barbacks Converters

- Improve the sitting position comfort
- Highly variable: 40 mm pivoting room adjustment
- For Ø22mm and Ø28mm handlebars
- Or converts from a Ø22mm bar to a Ø28mm

Gear Levers

- CNC machine milled aluminium
- Bike specific
- Spring-loaded folding peg
- Adjustable to foot/shoe sizes: 1-3 cm room adjustment

Suzuki DL 650

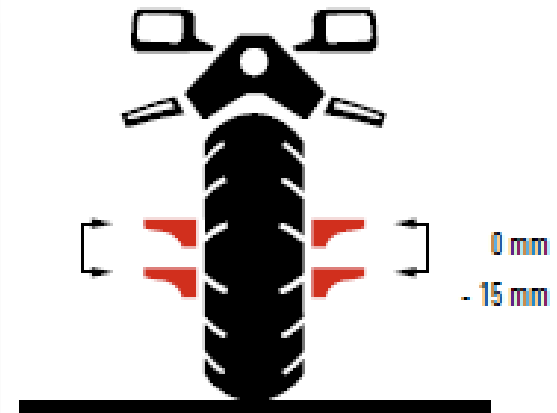

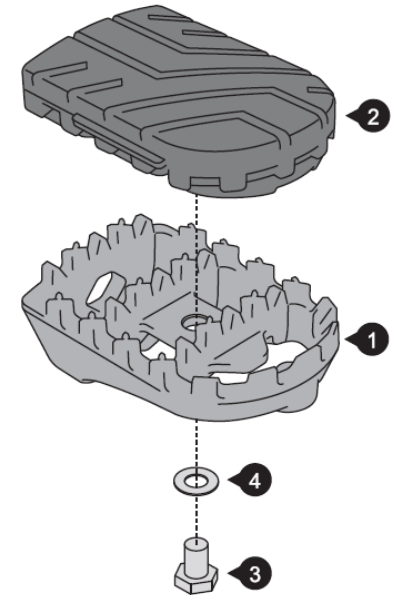

Kawasaki Verys 1000

Triumph Tiger Explorer

Footrest Kits

- CNC-milled from high-strength aluminium alloy
- Bike specific: attaches to original footpeg mount
- Textured surface
- Two height-positions
- Removable rubber pad

Safety

- HAWK Light Kits
- Handguards Kobra
- Mirror Extensions
- Chrashbars
- Frame Slider / Axle Sliders
- Engine Guards
- Radiator Guards
- Chainguards

HAWK LED Fog Light Kit

We proudly present the new generation of our successful Fog Light Kit – the HAWK LED Fog Light Kit. **With ECE test mark.** Another big advantage of LEDs is their long life and at the same time their resistance to vibration.

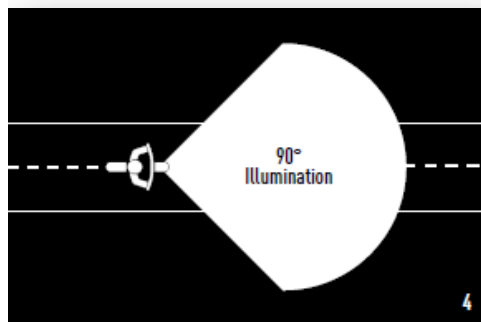

The most important arguments for the new LED technology:

- LED technology for optimum visibility by projecting a broad light beam
- Virtually maintenance-free and wear-free
- LED technology offers more safety on the road
- Long-lasting LED technology
- LED light is similar to daylight and generates a better contrast
- energy-saving

Technical Information: 12 V, 10 W, aluminium housing, required for mounting: bike-specific mounting with HAWK Light Mount Kit or HAWK Light Clamp Set.

Included: 2 black LED Lights with bulbs, 1 water-resistant cockpit switch, cable harness with fuse.

Bike-specific mounting with HAWK Light Mount Kit or with HAWK Light Clamp Set to Crashbars are sold separately.

HAWK Light Kit

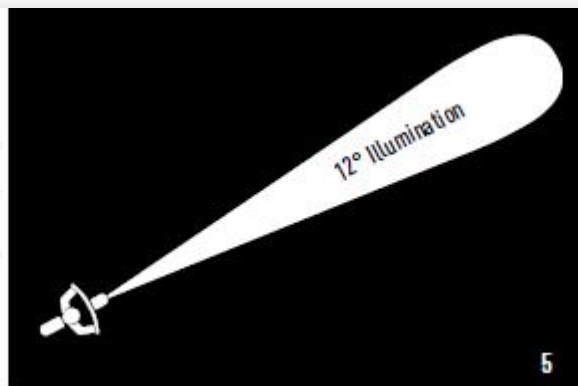

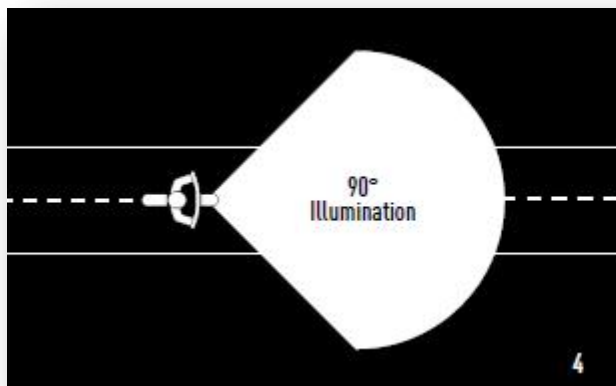

HAWK LED Offroad Light Kit

HAWK Offroad Light Kit

HAWK Fog Light Kit

- Water-resistant cockpit switch
- Cable harness with fuse and resistor
- Can be mounted on the cockpit or on the crashbars

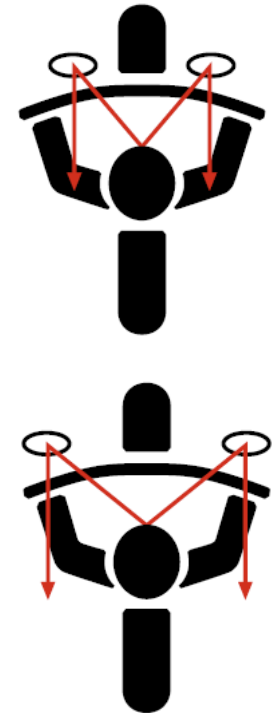

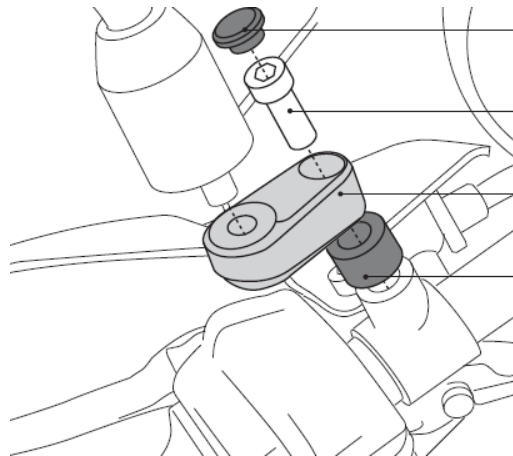

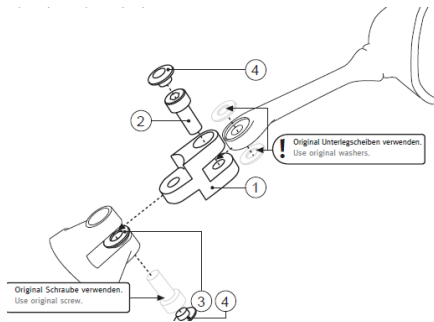

Handguard Kobra

- Full-wrapped Aluminium Backbone
- Polypropylene plastic
- Bike specific mounting kit
- Optional indicators with 16 LEDs
- Optional spoiler

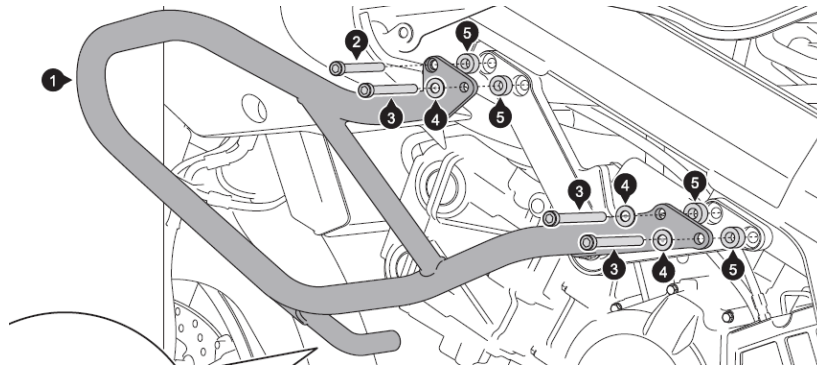

Mirror Extensions

- CNC-milled black anodized high-strength aluminium
- Bike specific
- Better view of traffic
- Attractive outline

Crashbars

- Toughest protection
- Milled, powder-coated, excellent corrosion resistance
- No loss in cornering clearance
- Bike specific

Frame Slider / Axle Sliders

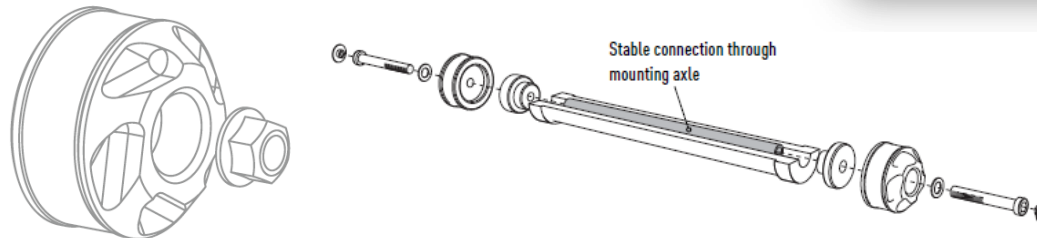

Frame Slider Kit

- CNC-milled PA6-MO: high impact resistance
- Bike-specific

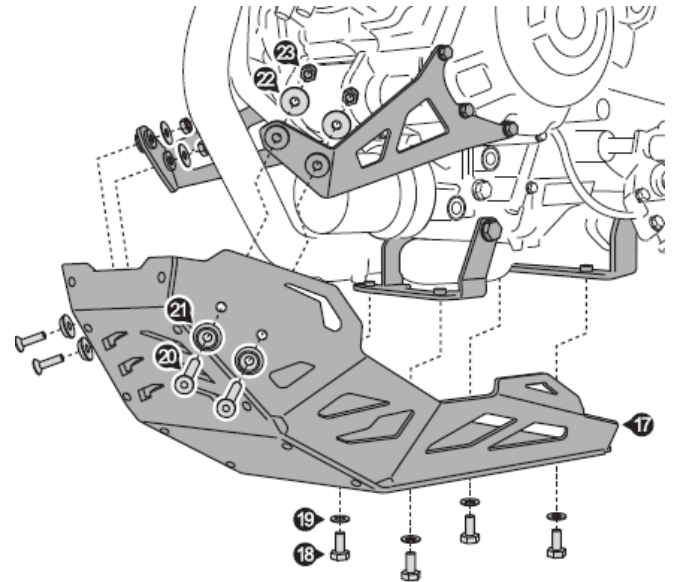

Axle Slider Kit

- Protects drive shafts or swing arms
- Made of abrasion resistant synthetics
- 50mm diameter
- Bike-specific

Engine Guard

- Laser-cut parts are CNC bent or rolled
- Together punch-rived or TIG-welded
- Optional accessories: Toolbox
- Bike-specific

Radiator & Chain Guards

Radiator Guard

- Bike-specific
- High-strength aluminium alloy
- Laser-cut logo

Chain guard

- Bike-specific
- high-strength aluminium alloy
- Rubber-mounted attachment

Maintenance

- Centerstands & Assist Grip
- Maintenance Stand

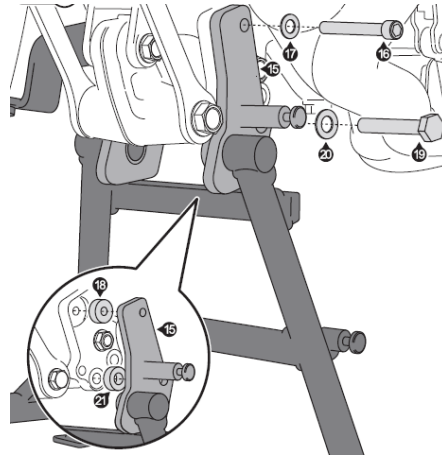

Centerstands

Centerstands

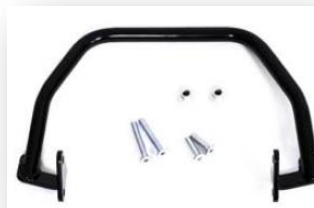

- Very first SW-Motech produced part!
- Steel tube construction, powder coated
- High-strength and light-weight
- European TÜV-certified
- Bike-specific

Centerstands Assist Grip

- For bikes without easy grip

Honda XL1000V
Varadero

Honda FMX 650

Maintenance Stands

- Enduro and Supermoto motorcycles
- Compact storage
- Weight limit 200 kg
